### Method:

1. With a small sharp knife, cut a cone shape out of the top of each strawberry to leave a small hollow. You can also use a spoon or blunt knife to create the small hollow if your little ones want to get involved
2. Place about four tablespoons of cream cheese into a piping bag and pipe about 1 teaspoon of the cream cheese filling into each strawberry. If you don't have a piping bag you can use a teaspoon instead
3. For the topping take two cream crackers, add them to a sandwich bag and crumble them using a rolling pin
4. Place the crumble in a bowl
5. Hold each strawberry upside down and dip into crumbs until coated
6. Place the strawberry cheesecake bites in the fridge until you are ready to serve.
